

Honolulu Engineer District visitors should enter Fort Shafter through the post's Main (Buckner) Gate. To reach the Buckner Gate, take the Ahua Street/Fort Shafter exit from the Moanalua Freeway (Highway 78) and follow the signs to Fort Shafter. HED headquarters is in building 230. From the Buckner Gate proceed along Funston Street to "G" Street -- the first street on the right -- and turn right. HED headquarters is the three-story building flying the red Corps of Engineers flag. The Executive Office Entrance is at the Diamond Head end (the far end) of the building. From Waikiki take the H-1 Freeway, westbound, to the Moanalua Freeway, then take the Ahua Street/Fort Shafter exit.
